Jackie, we are good to go for the equipment. Did you get a couple of bids for the stuff? **I have them.**

If anything is going on my government purchase card, please send quote to me so that I can get approval from Jerry to use the purchase card.. **Just as last time, I will send to you.**

Don't forget about the port-a-potties and the two wash stations. Did we have three potties. Not sure what the rule is for number/people. **Already sent an email to Rich M. He usually takes care of these and the Fridge.**

Rich and I discussed two meals for Sunday: breakfast and dinner. We can distribute the boxed lunches for lunch. We can do snacks on the other days. **Okay, I told Rich M we were still up in the air on food.**

Rich doesn't care whether he gets a king or two queens. If really two queens, then I like the queens. But, I think they are really doubles. In that case I would like a King bed. **Okay**

Do you have my credit card number? **I have it**

Refrigerator - I did not see that on the list. If not that much, I think we should still get. Cause we will burn through much ice keeping things cold. **Rich M will take care of this.**

Didn't we rent a generator too?

Hi,

I was able to get the same equipment as last year. They are:

- 2 - light towers
- 2 - 4x4 crew cab utility vehicles - gas
- 4 - 4x4 utility vehicles - gas
- 2 - 20x20 tents

Let me know if this is ok or should we cut back. Please get back to me ASAP so that I can finalize our order.

We also need to talk about what equipment we need from the COOP and Warehouse to be hauled up. I will also reserve the hotel rooms this week. Do you have a preference for King or 2 double queens? Of course, rooms will be no smoking.

Thanks,
Jac
